

Belgard Environmental Product

StormPave™ Environmental Collection

Beauty, functionality and quality are hallmarks of the Belgard® Commercial brand, and our Environmental Collection of permeable pavers is no exception. Belgard permeable pavers combine the best of Belgard with innovative stormwater management for a superior product line that provides sustainable solutions and aesthetically appealing designs.

ADA COMPLIANT

LT. VEHICULAR—60MM & 70MM

VEHICULAR—70MM ONLY

StormPave™

StormPave is ideally suited to preserve natural water drainage in a smooth segmented pavement. With large spacers for open joint drainage and a maximum opening of less than a half inch, this clay paver meets ADA requirements making it perfect for plazas, pathways, parking lots – particularly those at colleges or universities where on-site LID stormwater management techniques are employed.

StormPave is a registered trademark of Pine Hall Brick, Inc.

Benefits of Belgard® Permeable Paving Stone Systems

- On the US Environmental Protection Agency's (EPA) menu for structural Low Impact Development (LID) BMPs
- Can contribute toward several LEED NC-2009 points
- Reduces stormwater runoff by up to 100%
- Can be used to achieve total maximum daily load (TMDL) limits for a range of pollutants
- Certified SRI colors reduce heat island effect
- Can reduce or eliminate the need for traditional drainage and detention requirements, saving space and money
- Can be designed to accommodate all native soil types
- 50-year design life based on proven field performance

The availability of specific aggregate will often vary from region to region. In cases where it becomes necessary to substitute a similar size, your project engineer should always be consulted.
