## CUSTOMER WARRANTY

### THE BELGARD GUARANTEE

*B*EYGARD IS PROUD TO INFORM YOU THAT ALL OF OUR INTERLOCKING CONCRETE PAVERS AND RETAINING WALLS MEET AND EXCEED THE REQUIREMENTS OF ASTM C-936 AND ASTM C-1372. BELGARD GUARANTEES ITS PRODUCTS AGAINST MANUFACTURING DEFECTS FOR AS LONG AS YOU OWN YOUR HOME. THIS WARRANTY IS TRANSFERABLE. IT IS RECOMMENDED THAT A BELGARD AUTHORIZED CONTRACTOR WHO GUARANTEES THEIR WORKMANSHIP FOR 2 YEARS INSTALL ALL OF THE HARDSCAPES PRODUCTS. THE GUARANTEE DOES NOT APPLY TO SPLITTING, CHIPPING OR OTHER BREAKAGE THAT COULD BE CAUSED BY IMPACT, ABRASION OR OVERLOADING. THIS WARRANTY IS ONLY VALID IF THE MATERIAL IS INSTALLED UNDER THE GUIDELINES OF THE ICPI ([WWW.ICPI.ORG](http://WWW.ICPI.ORG)), THE NCMA ([WWW.NCMA.ORG](http://WWW.NCMA.ORG)) OR THE BELGARD INSTALLATION GUIDELINE MANUAL. THIS WARRANTY IS FOR RESIDENTIAL CONSTRUCTION ONLY AND DOES NOT IMPLY A WARRANTY FOR COMMERCIAL APPLICATIONS. BELGARD'S OBLIGATION IS LIMITED TO THE SUPPLYING OF NEW MATERIAL AT NO CHARGE. BELGARD WILL NOT BE RESPONSIBLE FOR ANY REPLACEMENT LABOR. BELGARD WILL HONOR THIS WARRANTY WITH THE ORIGINAL PROOF OF PURCHASE. COLOR MATCHING CANNOT BE GUARANTEED.

# The Belgard Difference.

*What sets us apart from our competitors?*

First, we set the standard for manufactured hardscapes with a remarkable natural look and feel that's unrivaled in the industry. Second, the unique styles, colors, and textures found throughout our collections are the result of constant research and development and an artisan's eye for detail. Third, and most importantly, we continually strive to offer you, the homeowner, innovative products, unlimited design options, and the uncompromising level of quality we've built our reputation on.

STYLE.

SELECTION.

INNOVATION.

QUALITY.

GUARANTEED.

## Versatility.

Whether you're a first-time homeowner or finally designing your dream house, you're sure to find a Belgard product to match your needs. Along with a diverse range of shapes, textures, and colors comes the ability to create custom features that reflect the way *you* live. Driveways, walkways, patios, kitchen islands, fireplaces and hearths, seating, and so much more. Your only limit is your imagination. Wherever your outdoor hardscape design dreams are destined, there's a Belgard paver or wall that's sure to get you there in one-of-a-kind style – *yours*.

# 1

## OUTDOOR LIVING ROOMS

Whether you're having an *alfresco* dinner party, barbecuing with the guys while watching the big game, or just enjoying some playtime with the kids, when it comes to bringing the good life outdoors, Belgard pavers play the perfect host.

## BELGARD ELEMENTS

The process of creating the outdoor living space you've dreamed about is now simpler than ever with Belgard Elements, innovative pre-built modular hardscape components that have revolutionized residential hardscape design. Their modular nature allows them to be installed quickly and in phases to fit any budget. Their beauty and durability allows you to enjoy them season after season, for years to come. Elements are handcrafted by our strategic partner, Harmony Outdoor Living, Inc., and backed by the Belgard lifetime guarantee.

## Create your own custom-built outdoor room.

The crowning finish to a Belgard hardscape, Elements give you the ability to custom tailor your outdoor living space and create it at the pace you prefer, whether all at once or adding as you go. Select from four collections, each featuring all the accents and amenities necessary to craft a backyard masterpiece that's nothing short of unforgettable.

### Select from a wide range of pieces in five unique collections

water features

fire pits and fire tables

grill islands

bars and islands

posts and mailboxes

REDUCED INSTALL TIME – *enjoy it sooner* • REDUCED LABOR COSTS • EXPANDABILITY – *build it all now...or add on over time*

## GROW as You Go with BELGARD ELEMENTS

- Each “element” is pre-built and ready to install
- Modular components can be installed quickly

*Before...*

## Add curb appeal and value to your home.

According to home improvement trends, a home's curb appeal from outdoor spaces - such as patios, paths, decks, and driveways - continues to be just as important to overall market value as luxury bathrooms and gourmet kitchens. Factor in the sheer enjoyment you'll experience and the opportunities for quality time with family and friends, and it's easy to see why adding a Belgard hardscape to your home exterior is a smart decision.

*...After*

## TAKE YOUR HOME *from* EVERYDAY *to* EXTRAORDINARY.

When patios, walls, and walkways are constructed with Belgard pavers, the value of the home is likely to increase. Why? Because nothing quite equals the remarkable beauty of a well-designed hardscape featuring pavers laid out in an intricate pattern.

Even a simple paver-constructed driveway outshines the best asphalt or concrete slab. Better yet, with the diverse range of colors, shapes, and textures available, there's a Belgard paver to perfectly complement any home style, improving both the curb appeal and overall value of your largest investment.

# 6 reasons why Belgard hardscapes are the smart choice for homeowners.

## BELGARD PAVERS ARE WEATHER-RESISTANT

Searing summer heat or winter's chill won't faze your Belgard hardscape. Ice damage to a Belgard paver is virtually nonexistent, while joints allow the pavers to move without damage in freeze and thaw cycles.

## BELGARD PAVERS STAND THE TEST OF TIME

Belgard pavers typically provide optimum performance for about 30 years – much longer than other paving materials under normal residential use.

## OUR PAVERS WON'T CRACK (UNLIKE OTHER MATERIALS)

While a stamped concrete patio may initially achieve a look similar to one built with pavers, the resemblance won't last long. Unsightly crack lines, commonplace in poured cement and asphalt surfaces, won't be found in a Belgard hardscape.

## WE WROTE THE BOOK ON OUTDOOR ROOMS

Experts? When it comes to "outdoor rooms," Belgard practically wrote the book. From stylish pavers and walls to our innovative Elements Collection, we lead the way in bringing the best in outdoor living to homes all across America.

## SHAPES, COLORS, TEXTURES AS UNIQUE AS YOUR HOME

Belgard offers homeowners a wider range of design possibilities than anyone else. The range of shapes, colors, and textures makes finding the perfect paver or wall to suit your home a breeze.

## OUR PROMISE TO YOU: THE BELGARD WARRANTY

Belgard guarantees its products against any manufacturing defects for as long as you own your home.

For cost, durability, and ease of maintenance, Belgard pavers win hands down.

## Help your pavers keep their “just installed” look

Like any pavement surface, concrete paving stones can accumulate stains and grime from traffic, weather, spills and contact with oxidizing metals. Belgard has partnered with Techniseal to offer a complete line of high performance products specifically formulated to seal and clean concrete pavers, helping maintain their beauty for seasons to come. Your Belgard dealer can assist and instruct you in selecting the Techniseal product that best suits your needs.

## Get to know your Belgard Authorized Dealer.

Backed by our nationwide network of manufacturers, your local Belgard Authorized Dealer works closely with you from project conception to completion, making sure your new hardscape is everything you expect. Whether it's assisting with cost estimates or guiding you through the myriad of product styles and colors available, your local dealer can help.

**Find a Dealer** in your area with a visit to [www.belgard.biz](http://www.belgard.biz). On the right side of our home page, you'll find a link to our easy-to-use locator that will help you get in touch with your local Belgard Authorized Dealer.

# Your Belgard Authorized Contractor

He's the key to getting the very best hardscape installation possible.

At Belgard, we're committed to maintaining the highest possible standards. Your Belgard Authorized Contractor lives up to these standards every day. Trained and educated in the latest techniques, methods, and standards established by the Interlocking Concrete Pavement Institute (ICPI), the North American trade association representing the interlocking concrete paving industry, these dedicated professional contractors will do what it takes to ensure your hardscape installation not only looks beautiful, but lasts for decades to come.

**Locate a Contractor** in your area with a visit to [www.belgard.biz](http://www.belgard.biz). On the right side of our home page, you'll find a link to our easy-to-use locator that will help you find and contact your local Belgard Authorized Contractors.

# The tools to create. The tools to craft.

Your Belgard Authorized Contractor's powerful design resources ensure your hardscape will be everything you expect.

From 3-D sketch-ups to photorealistic screenshots and "fly through" animations, your Belgard Authorized Contractor has an array of state-of-the-art rendering tools available to him, allowing for precise, detailed depictions of your project. With innovations such as this, Belgard sets the standard as America's premier hardscape manufacturer.

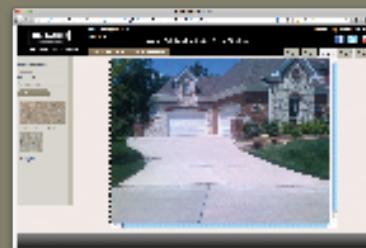

Your virtual 3-D custom design...

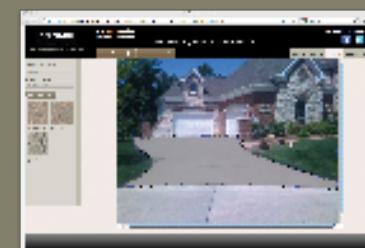

...becomes your real-life outdoor room!

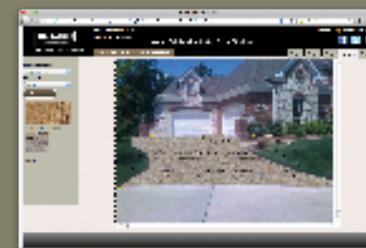

Haven't called a contractor yet but want to start thinking about which Belgard paver is right for *your* home? The Belgard Online Visualizer helps you see how Belgard pavers will transform your home's look, using your own photos and a selection of styles and colors available in your region.

1 Upload a photo of your driveway, patio, pool deck or other area of your home...

2 Map out the surface area you're thinking about hardscaping...

3 Choose a paver, laying pattern, and color, then adjust as you like...

Save your rendering as a JPEG to print or email to friends. It's an easy way to view your home before and after adding Belgard hardscapes.

Get started selecting your favorite Belgard paver styles and colors with a visit to [www.belgardvisualizer.com](http://www.belgardvisualizer.com)

# The simple steps to bringing your Belgard hardscape to life start here.

## 1 Got an idea? Visualize it!

Getting started on your project has never been easier! Whether you're using a landscape designer or creating your own plan, our easy-to-use Online Visualizer can help you take that first step. Once you've got a basic idea or outline, your local Belgard Authorized Dealer can assist with cost estimates, product choices, and much more.

Find design ideas, our online visualizer, how to contact your local Belgard Authorized Dealer and Contractors, and much more.

## 2 Choose your paver.

With so many styles and colors to choose from, deciding on your favorite can seem a little daunting. Don't worry – along with our Online Visualizer, your local Belgard Authorized Dealer has actual samples as well as full-scale color selection guides to help you select the Belgard product that's right for your home.

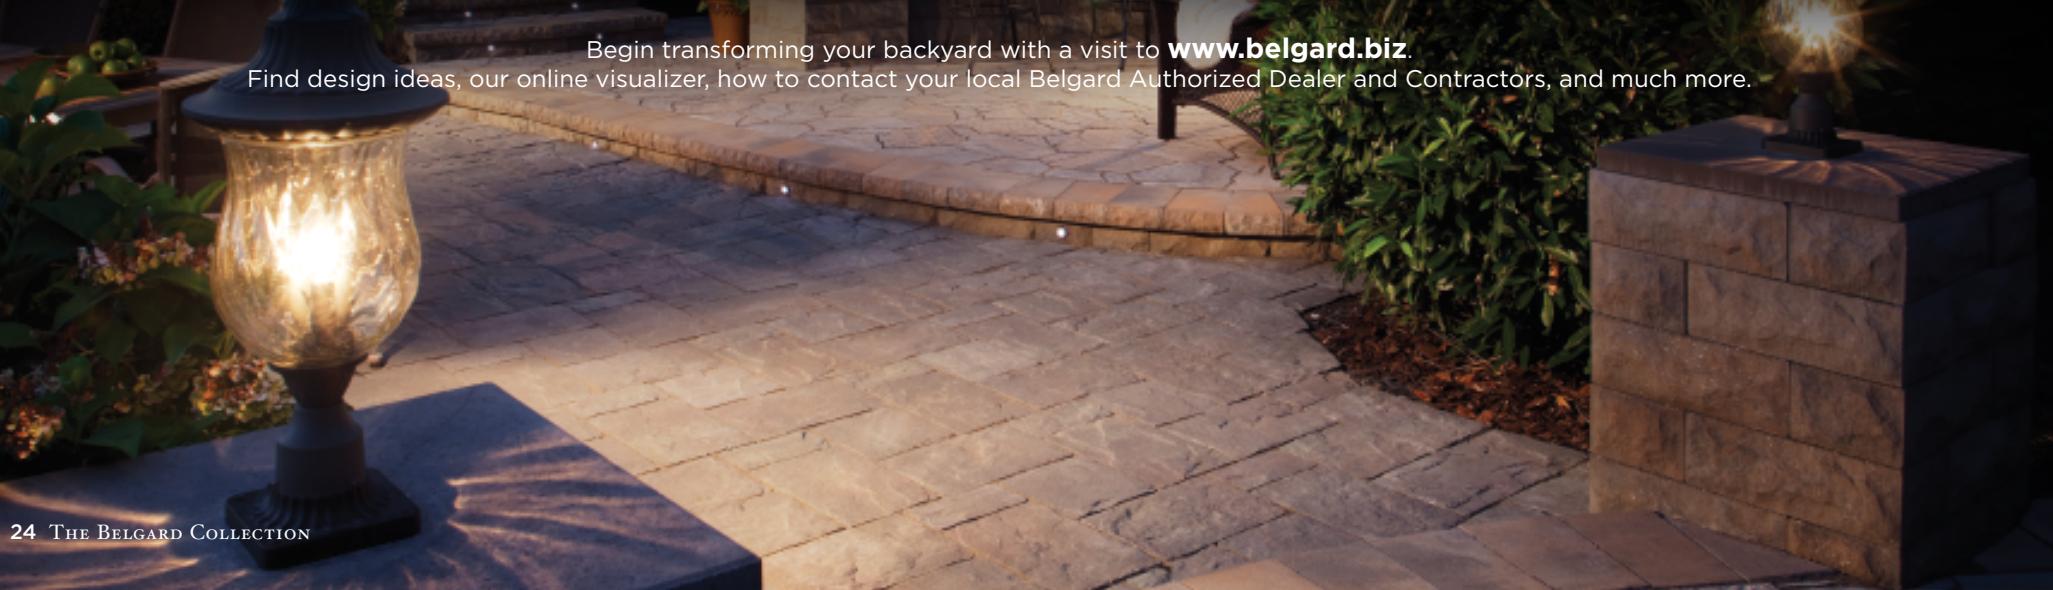

Begin transforming your backyard with a visit to [www.belgard.biz](http://www.belgard.biz).

## 3 Select a contractor.

Finding the right person for the job begins with a visit to [www.belgard.biz](http://www.belgard.biz). Use our contractor locator to connect with the Belgard Authorized Contractors in your area. Our trained and certified installers keep current on the latest techniques and products. They're your key to outstanding, professional-quality results.

## 4 Time to install.

You've got your design plan, taken care of any building permits, approved your contractor's quote, and your dealer has helped you select the perfect Belgard paver or wall products for your project. Schedule a date your contractor can begin installation, and get ready to see the transformation.

# *The BELGARD COLLECTION of PAVERS and WALLS*

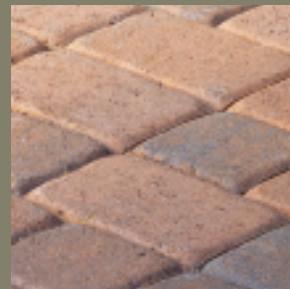

## NATURAL

*Characterized by uneven contouring in varying degrees to create a more organic appearance like that of natural cut stone.*

## ANTIQUED

*Dimpled surfaces and gently distressed edges recalling the rugged, time-honed look and feel of ancient European brick.*

## CLASSIC

*The traditional Belgard paver, characterized by a smooth surface with angles or softly rounded chamfer.*

## ENVIRONMENTAL

*The eco-friendly choice in pavers – pure and simple. Designed to virtually eliminate stormwater runoff into neighboring drainage and waterways.*

## WALLS & STEPS

*Style, strength, and durability combined. Whether for landscaping or retaining, there's a Belgard wall or step crafted to perfectly complement your hardscape design.*

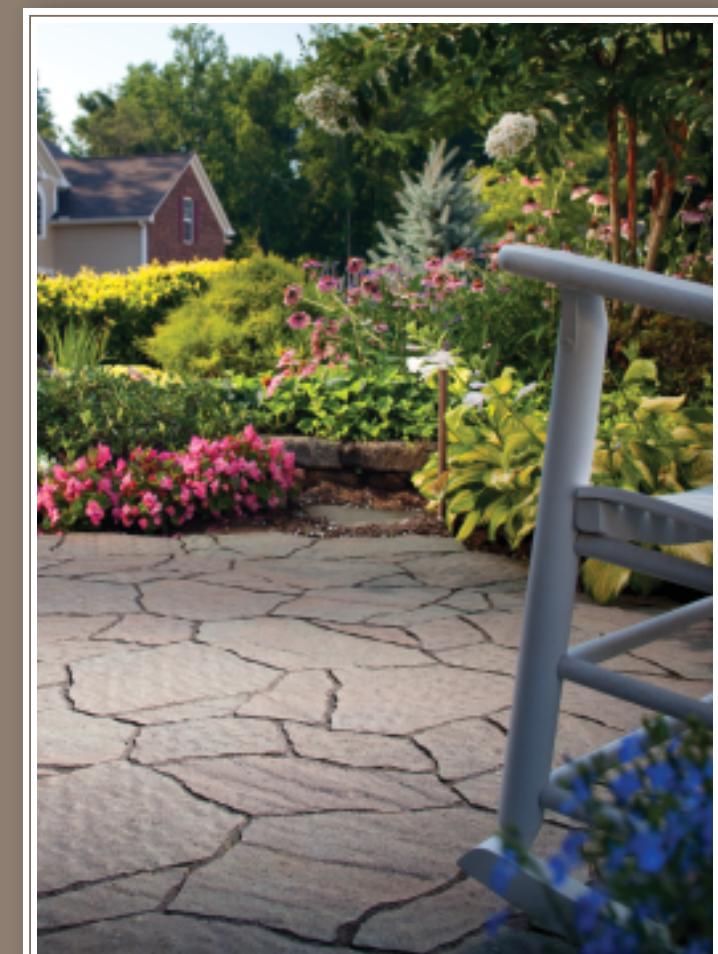

## MEGA-ARBEL®

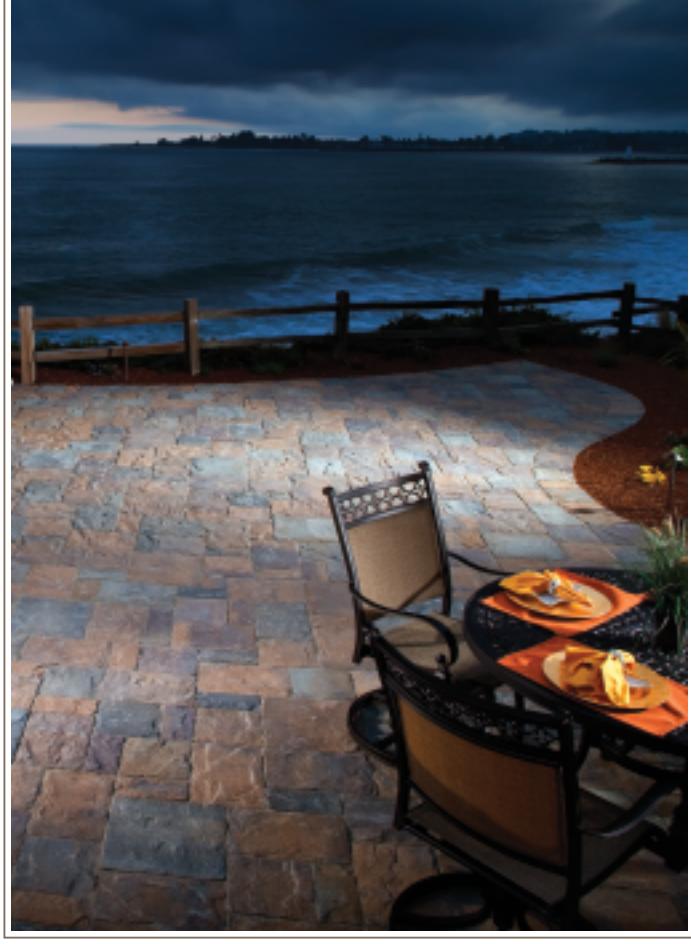

A natural look on a grand scale

Mega-Arbel pavers give homeowners the perfectly integrated, natural-looking hardscapes they desire.

Its scale is similar to natural flagstone and roughly two times larger than Arbel Stone, its smaller counterpart.

Plus, installation is easy—cutting is reduced to a minimum due to its ingenious interlocking design.

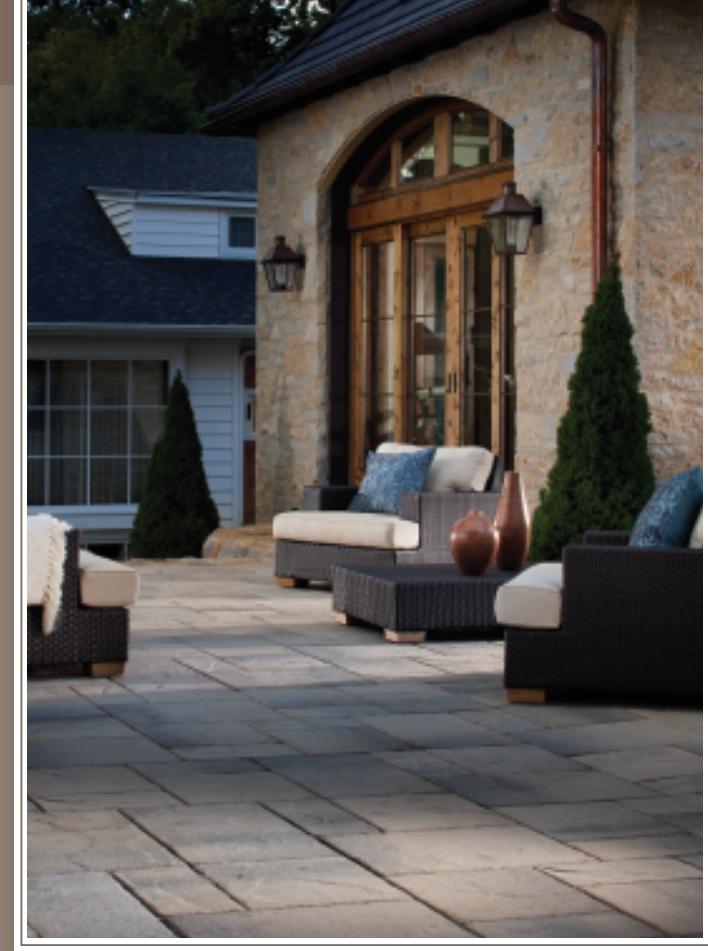

## MEGA LAFITT™

Natural texture, incredible durability

Mega Lafitt features the most natural-looking texture available in a modular paver. Mega Lafitt combines the look and feel of cut flagstone with the strength and long-term durability customers expect from Belgard. Its larger proportions and modular shapes allow for ample design flexibility, and with an 80mm height, installation is a breeze.

## LAFITT™ PATIO SLAB

Classic style paired with modern durability™

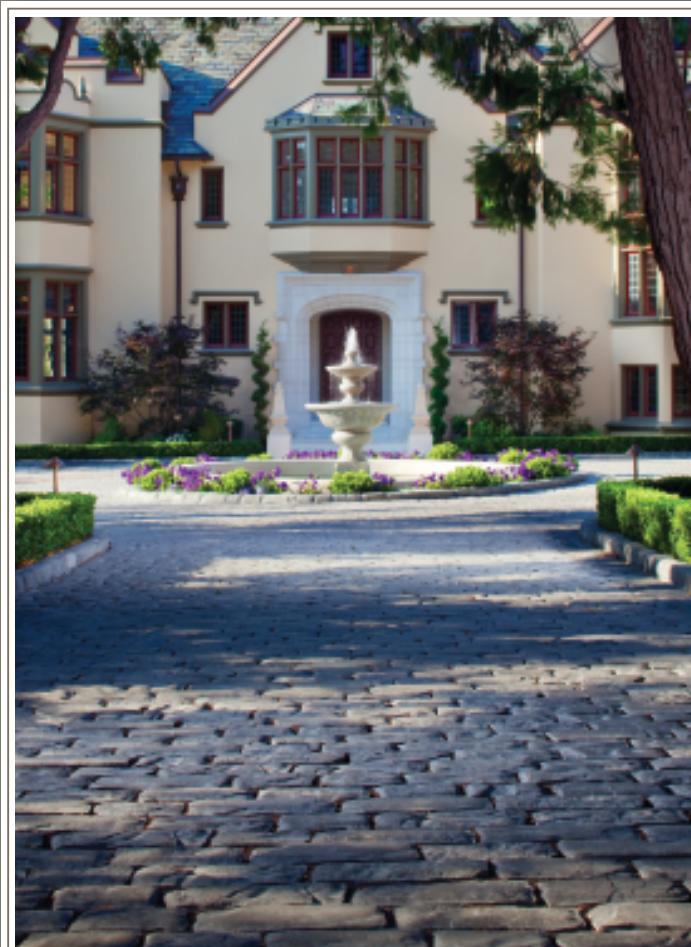

Lafitt Patio Slab features the look and texture of cut slate combined with the lasting strength and staying power that are hallmarks of Belgard pavers. Three shapes allow for a wide variety of design options, giving homeowners the ability to create eye-catching patios, walkways, and more, with a natural slate appearance.

# OLD WORLD PAVER™

The look of time-worn cut stone

Recalling the narrow, cobbled streets of Europe,

Old World is crafted with a natural stone cleft finish for the look and feel of time-worn cut stone. Strong and durable, Old World is perfect for high traffic areas and offers a wide range of both color and pattern potential.

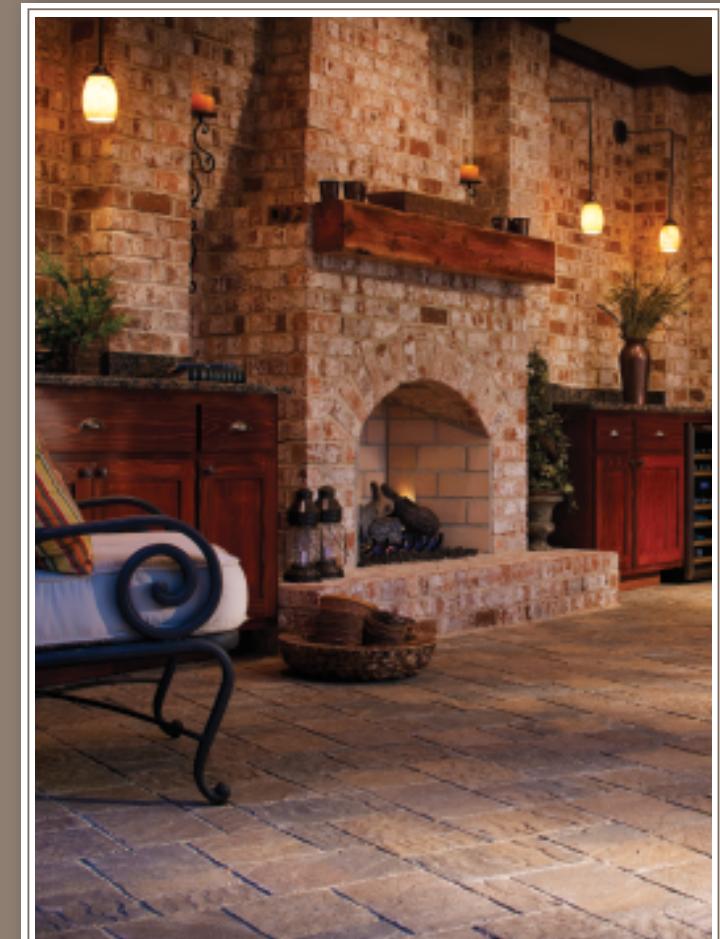

## URBANA® STONE

The natural look of clean cut stone

Urbana Stone's chiseled textures and contours combine with its random shapes and patterns to recall the look and feel of vintage cut stone. Urbana is offered in a versatile three-piece modular system with an optional large square that adds a broader range of shapes and an even grander scale.

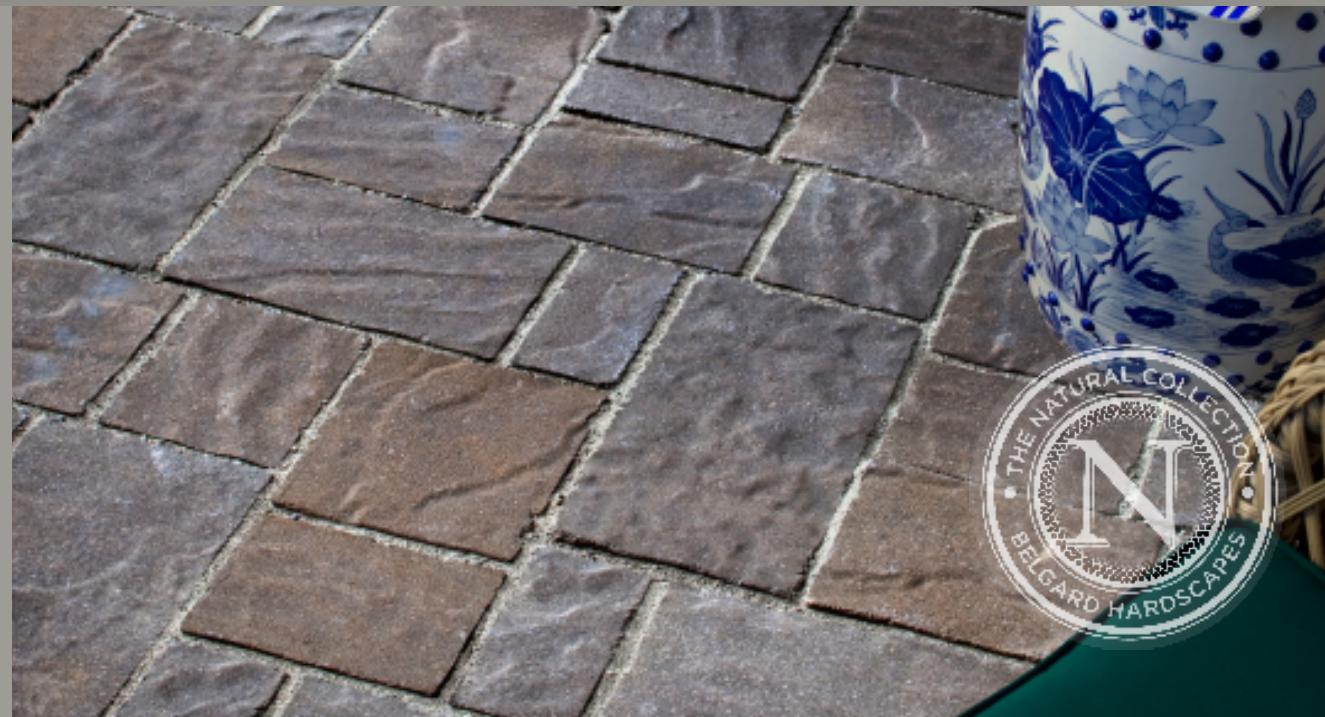

## DOMINO PAVER™ - SLATE TEXTURE

Fast and easy to install

Easy installation with one piece versus three or four. Faster installs with less product handling.

Can install in Running, Herringbone  
or Basketweave patterns

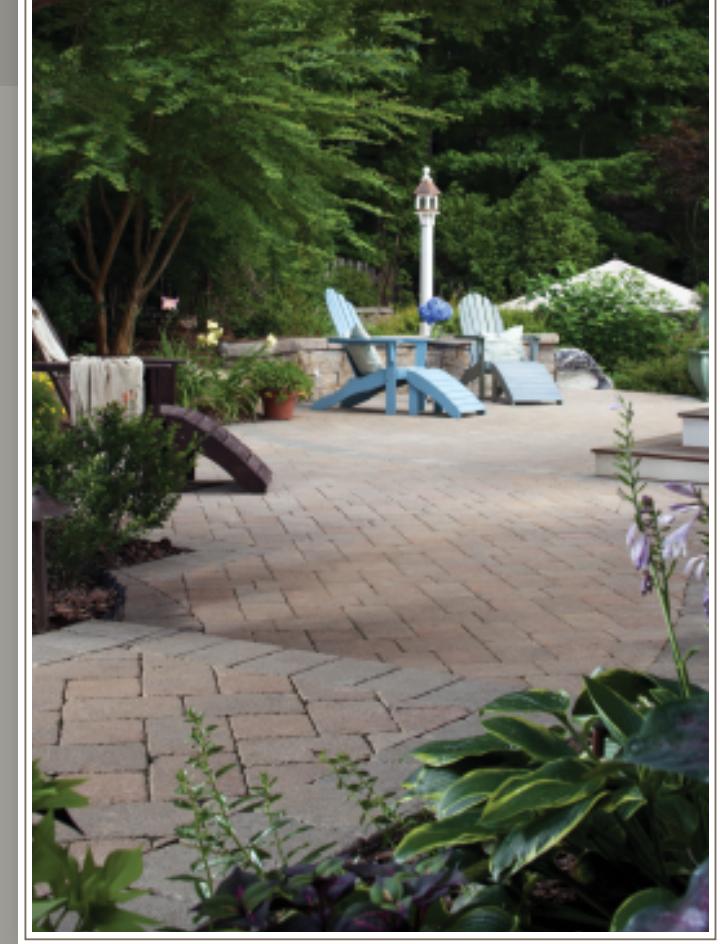

## DUBLIN DOMINO PAVER - SMOOTH ANTIQUE TEXTURE

A new arrival for Belgard

Dublin Domino adds beauty and durability to any outdoor living space and installs in a fraction of the time. A clever alternative to conventional multi-piece modular pavers, Dublin Domino's utilization of false joints gives the appearance of multiple paver sizes. Three different looks give you ultimate design flexibility and easy laying patterns for reduced installation time and beautiful results.

## DUBLIN COBBLE®

The classic antiqued paver™

A true classic, its gently distressed surface and antiqued edges whisper quiet, timeless sophistication. Smaller than Bergerac and featuring a wide array of shapes, Dublin Cobble creates a casually elegant, time-worn look recalling the hand-laid stone of centuries-old Mediterranean villas.

# BERGERAC®

The look of hand-cobbled stone

Offering the same appealing qualities as its larger counterpart, but on a slightly smaller scale, Bergerac artfully recalls ancient Roman cobble stone. Its intriguing multicolor blends and versatile circle pavers expand your ability to create remarkably complex and unique designs.

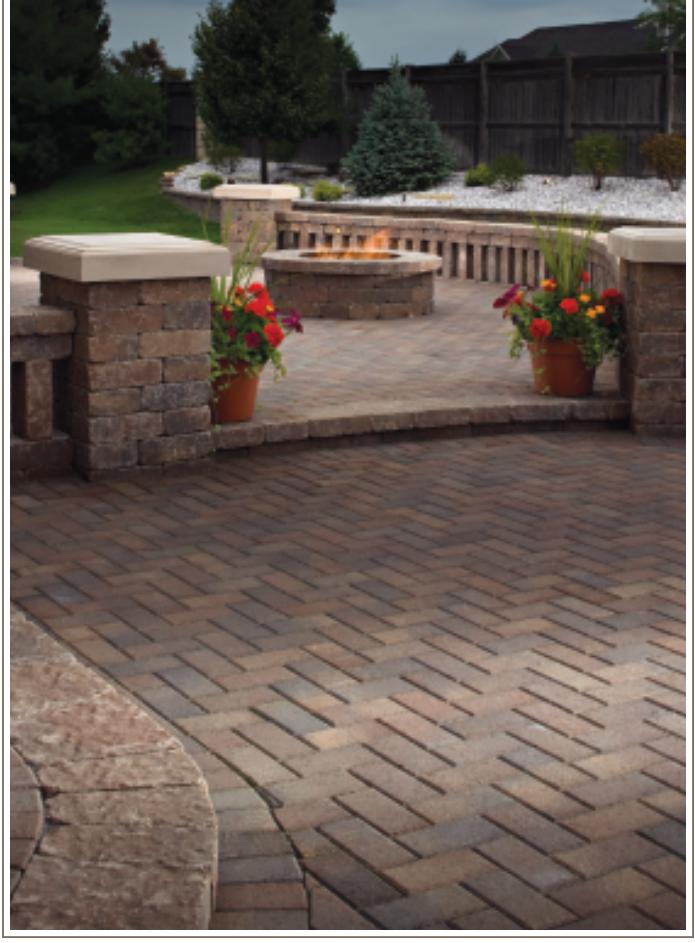

## MEGA-BERGERAC®

The ultimate paver

Mega-Bergerac's timeless, hand-cobbled appearance recalls an era when horse-drawn carriages traversed the avenues of Europe's great cities. Its trademark dimpled surface, unique color blends, and a variety of sizes provide you with the ability to create one-of-a-kind works of lasting beauty.

## HOLLAND STONE

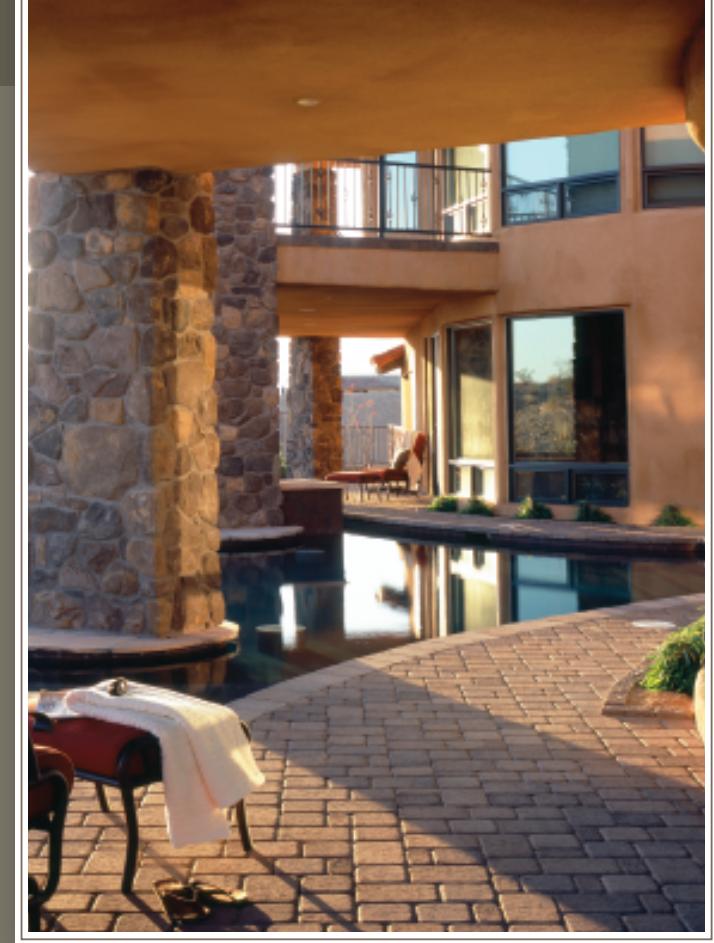

Like brick, only better™

With its simple shape and utilitarian appeal, Holland Stone is a practical choice for a variety of residential and commercial installations.

Its exceptional strength and durability combine with a range of captivating color blends that add to Holland's popularity.

Basic in form, its clean, modular shape makes possible a myriad of applications.

## CAMBRIDGE COBBLE®

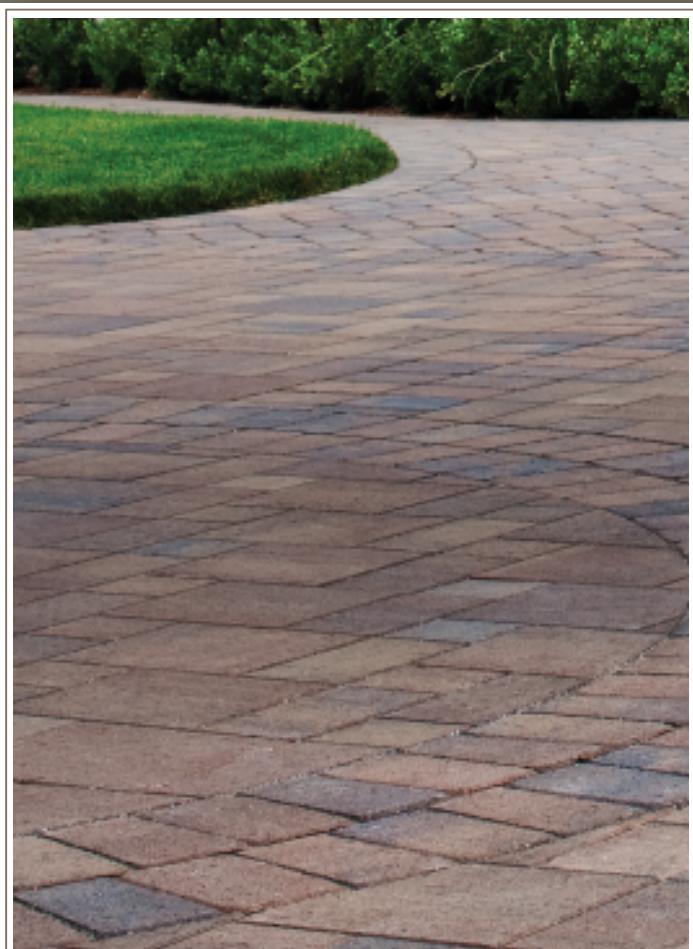

The traditional Belgard paver

Both durable and adaptable, Cambridge Cobble offers a more tailored, architectural look with its gently rounded corners and domed "pillow top" surface. The subtle color combinations and versatile pattern make it ideal for crafting intricate circular designs and captivating walkways.

# CATALINA™ STONE

Simple in design and stylish in character

The Catalina collection's crisp, clean lines and smooth, linear surface create a contemporary feel that's both eye-pleasing and comfortable. Perfect for high-traffic areas, Catalina is fully ADA Compliant. The 3-piece modular system offers superb design flexibility and ease of installation, with a multitude of possible laying patterns.

## *The ENVIRONMENTAL COLLECTION of PERMEABLE PAVERS*

Each of the permeable paver styles in the Belgard Environmental Collection provide a solid surface strong enough to withstand the weight of cars and trucks, while at the same time allowing water to filter through the surface and reach the underlying soils. Belgard permeable paver systems are self-draining, with the voids in the paver surface allowing water to drain through and into the ground beneath.

### A Few of the Benefits of Permeable Pavers

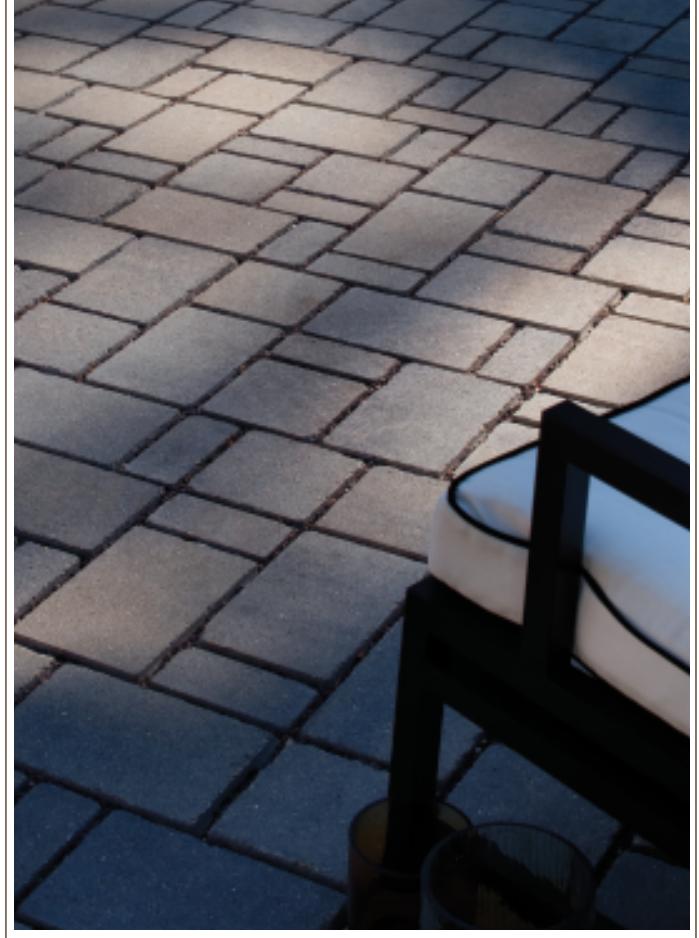

Permeable pavers help preserve our environment and the most precious resource of all, water.

They reduce the amount of stormwater runoff entering our natural waterways carrying contaminants and pollutants.

The voids in between the permeable pavers promote the infiltration of rainwater into the soil and help to recharge the groundwater.

Applying permeable pavers results in less stormwater runoff, which means our streams and riverbeds are less likely to flood as often. An added benefit of this is a reduction in the rate of the erosion of riverbanks and streambeds.

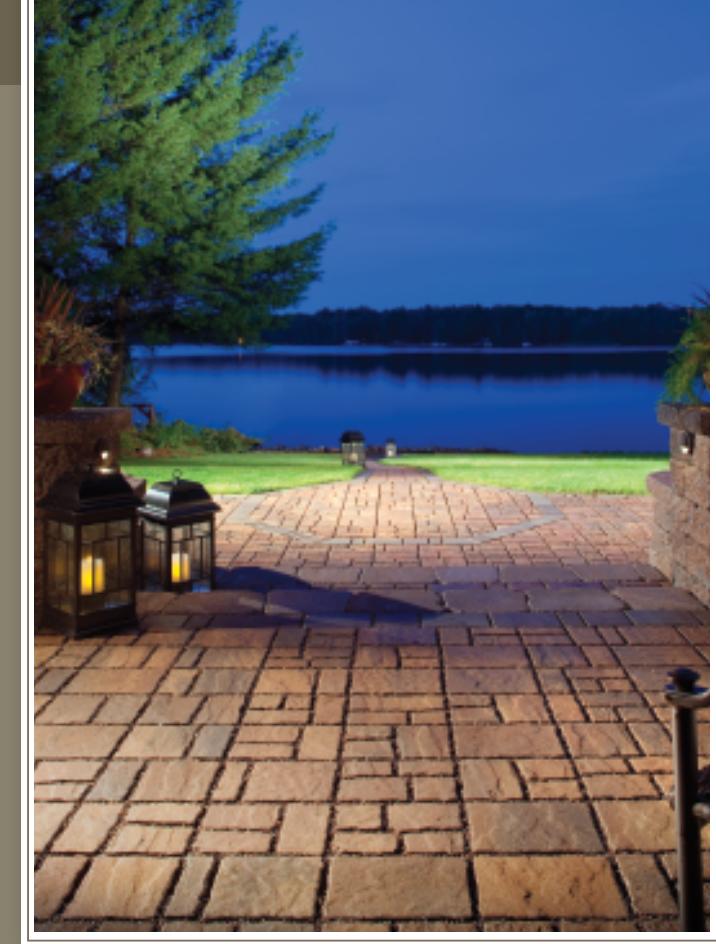

## ECO-DUBLIN®

Smart style meets smart science™

Belgard brings the classic look of cut stone together with contemporary materials technology in Eco-Dublin, the latest addition to our Environmental Collection of permeable paver systems.

## SUBTERRA® STONE

Great-looking and green-friendly

Subterra might very well be the most attractive, natural-looking permeable paver on the market.

Featuring a false joint structure, it offers the elegant look of chiseled stone, yet it's easy to install. Subterra is ideal for homeowners who desire environmental stewardship without compromising beauty and style.

# TURFSTONE™

Designed to work in harmony with nature

Turftone's unique design allows rainwater to be gradually filtered back into soil naturally, resulting in the control and stabilization of soil erosion.

Its eco-friendly design allows greenery to grow right through it, creating a highly unique hardscape design that works in harmony with nature.

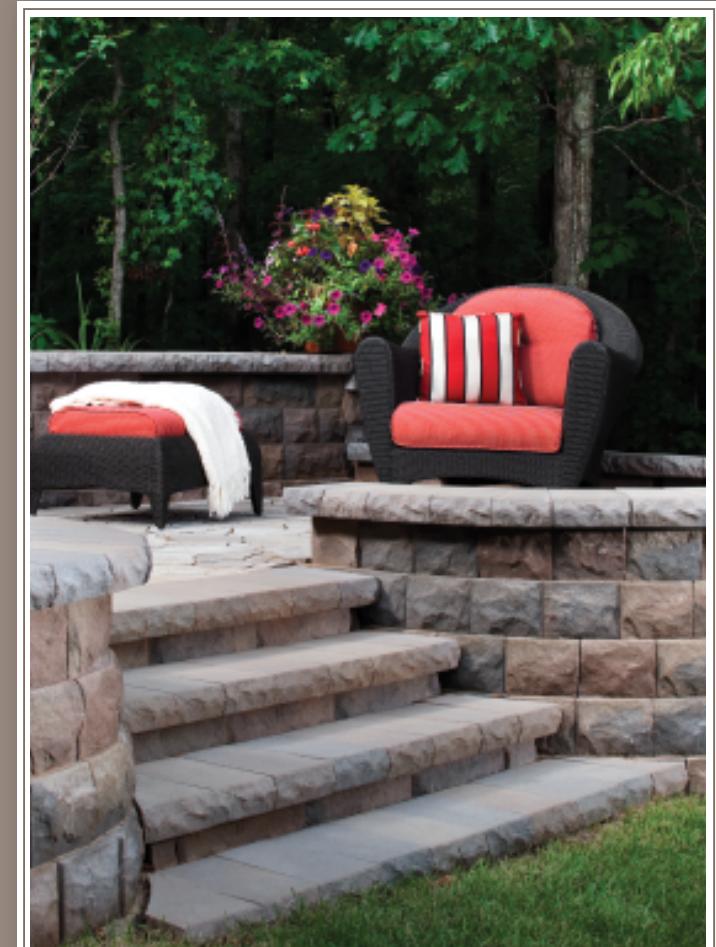

## BELAIR WALL®

The ideal wall solution

BelAir Wall is ideal for retaining and freestanding wall construction where aesthetics are a key consideration. The attractive multipiece design and blended colors offer an alternative look to traditional retaining wall blocks. BelAir Wall can be used in curves and corners, terraces and raised patios, or steps and columns.

This product is manufactured with SculpSit® technology licensed from Anchor Wall Systems, Inc.

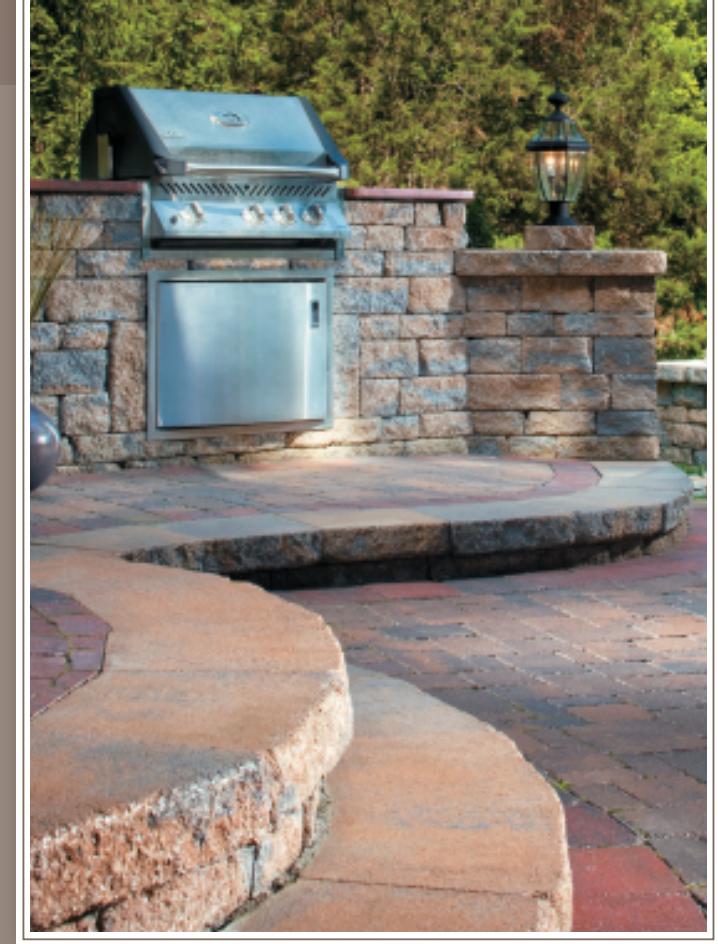

## WESTON STONE®

Broaden your wall design horizons

Ideal for use in the creation of caps and columns, Weston's 8" x 12" rectangular wall units can be used in conjunction with 3-piece modular units to broaden design options. Although it's a tumbled stone, Weston offers homeowners a cleaner, more sculpted look—particularly in environments that require a more contemporary approach.

## CELTIK® WALL

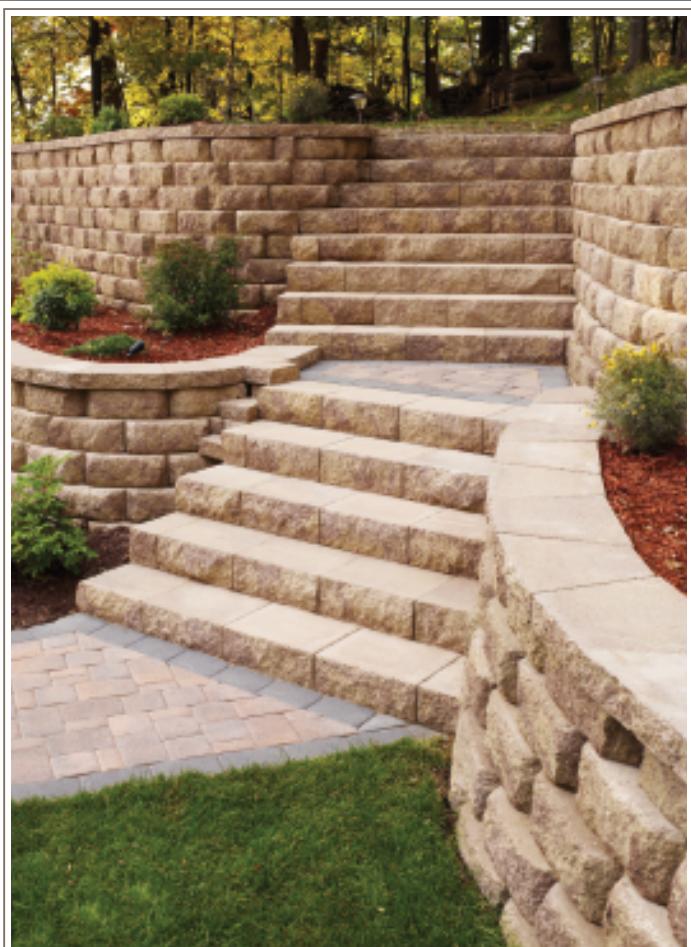

More than a wall – it's a work of art

Rough-hewn texture and natural hues give Celtik Wall a time-honed appearance recalling classic European gardens. Celtik Wall's antiqued look is complemented by modern manufacturing, which yields precise dimensional consistency, resulting in the perfect companion to paver projects, landscape contouring, or garden areas.

# DIAMOND® 9D

No pins. No mortar. No misalignments.

Diamond 9D's bold look and easy installation have made it a favorite for residential wall projects. Its rough-hewn face lends versatility to any landscape environment. Diamond 9D's rear-lip locator ensures uniform installation and reduces labor costs. Plus, the system is topped with a complementary cap unit.

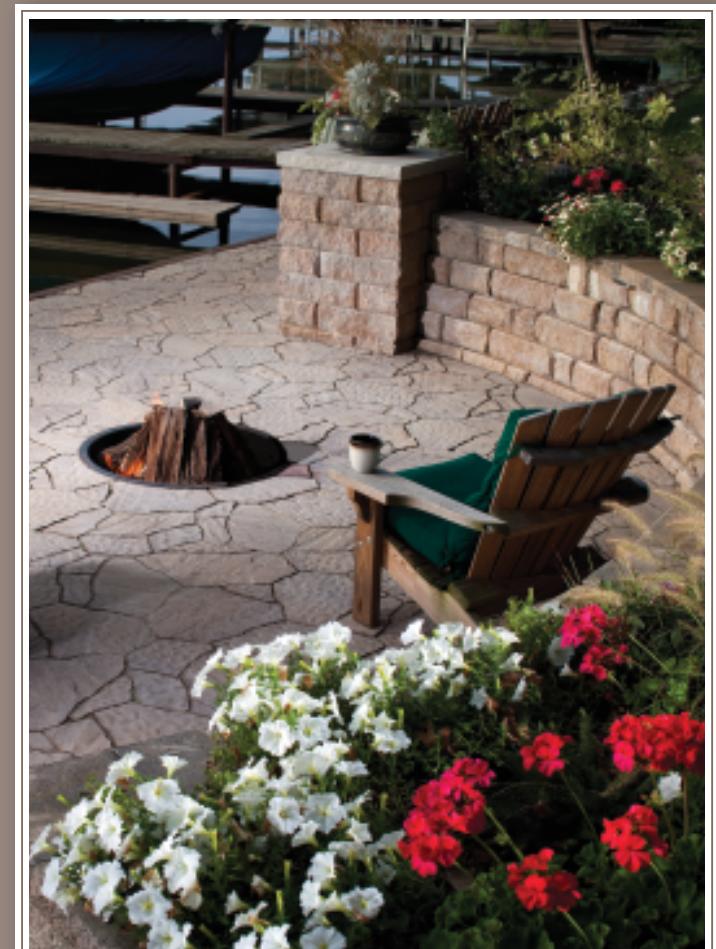

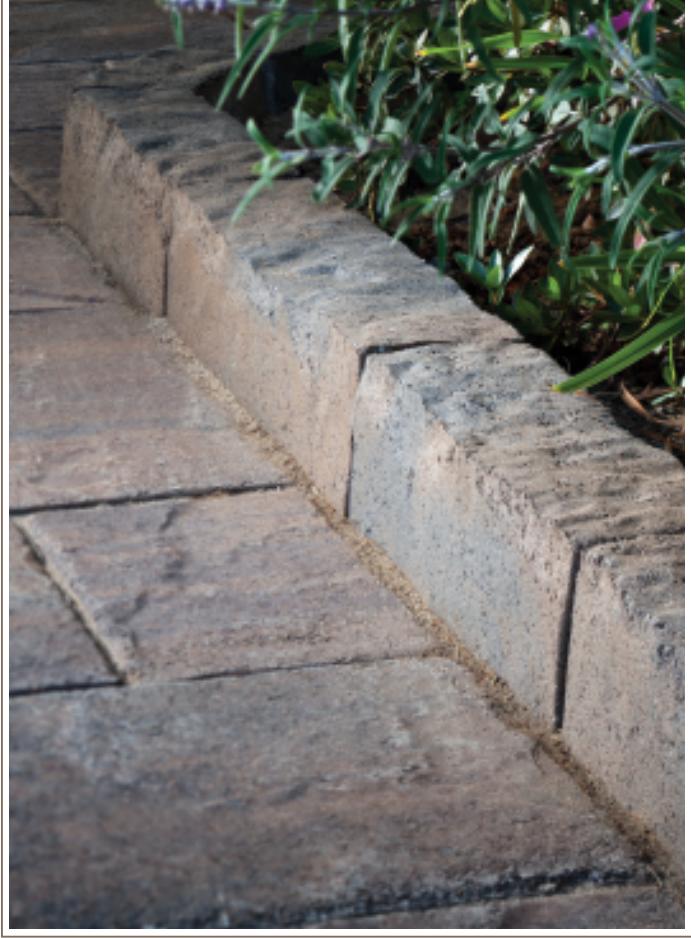

# HIGHLAND STONE®

## WALL SYSTEM

Designed for durability

The Highland Stone® Wall System retaining wall features the original rear-lip locator for fast, accurate installation. The six-inch system allows for a wide range of design possibilities for your outdoor hardscape.

## ANGLIA EDGER®

The natural-looking curb

Anglia Edger's natural chiseled finish and tapered ends accentuate the natural texture and flexibility of the curb unit. It complements driveways, patios, walking paths, and small planting areas. The large multi-size units of the Anglia Edger create a natural looking curb with a minimal number of joints.

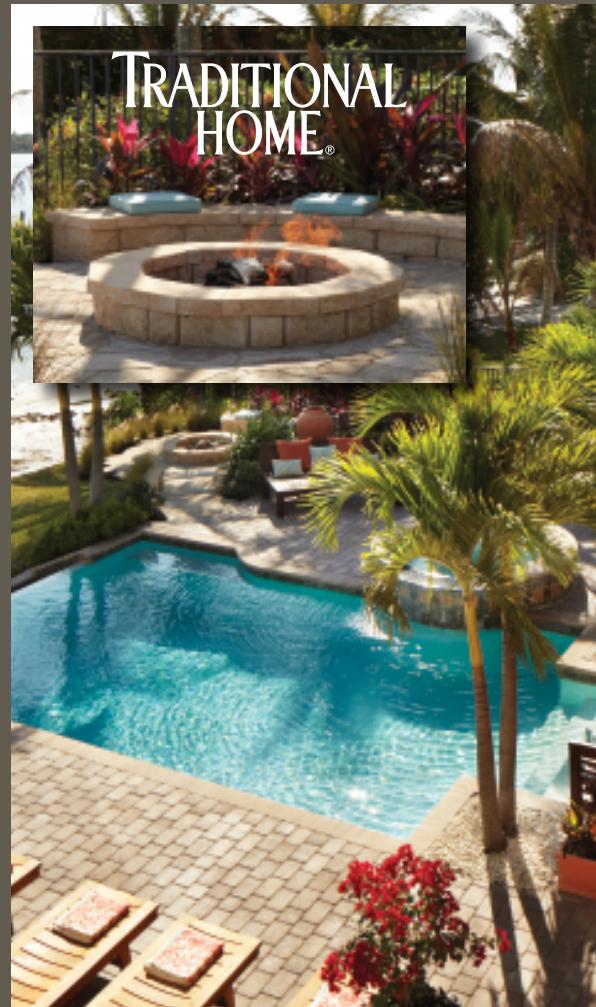

# Quality. It gets you noticed.
